

National
Qualifications
2023

X810/76/11

**Business
Management**

TUESDAY, 16 MAY
9:00 AM – 11:45 AM

Total marks — 90

SECTION 1 — 30 marks

Attempt ALL questions.

SECTION 2 — 60 marks

Attempt ALL questions.

You may use a calculator.

It is recommended that you spend 15 minutes reading over the information provided in **SECTION 1** before responding to the questions.

Write your answers clearly in the answer booklet provided. In the answer booklet you must clearly identify the question number you are attempting.

Use **blue** or **black** ink.

Before leaving the examination room you must give your answer booklet to the Invigilator; if you do not, you may lose all the marks for this paper.

SECTION 1 — 30 marks

Read ALL the following information and attempt ALL the questions that follow.

Santander UK plc

Background

Santander UK plc is a bank based in the United Kingdom (UK), wholly owned by the Spanish Santander Group. The bank has around 18,000 employees, 14 million active customers, a retail network of around 450 branches, and 64 business support centres. The bank is the third largest retail mortgage provider and the fifth largest commercial lender in the UK.

Services

Santander UK plc is one of the leading financial service businesses in the UK, offering a wide range of personal and corporate financial services in its portfolio, such as current, saving and investment accounts, credit facilities, and mortgages. In addition, Santander UK plc operates online banking services, including a smartphone mobile app.

(Exhibit 1 shows an extract of the business banking product portfolio for Santander UK plc.)

Branch closures

As a response to long-term trends in customer behaviour, Santander UK plc recently downsized its retail network from 755 to 450 branches, resulting in over 800 job losses. The bank blames the closures on changes in how customers are choosing to carry out their banking, claiming that, during the pandemic, branch transactions fell by around 33% while digital transactions soared by around 20%. Santander UK plc consulted trade unions at every stage of the closure strategy.

Even though the use of online banking is on the rise, a third of the UK still does not bank online. In addition, millions of consumers still need access to cash, and this is becoming more difficult due to the increasing closures of local banking branches.

(Exhibit 2 shows additional information on Santander UK plc's online banking service.)

Financial market

The UK banking sector remains very competitive. In particular, the size of the UK mortgage market rapidly grew despite the global pandemic as houses were in high demand and borrowing costs remained low, even though there were increases in interest rates.

Despite what the bank described as an 'uncertain operating environment' with the aftermath of Brexit, and the ongoing pressures created by COVID-19, Santander UK plc's profits jumped in 2021. However, financial analysts have warned of possible further changes in interest and taxation rates which are likely to signal an economic crunch that will bring the UK property boom to an end.

Service quality

Santander UK plc provides a high-quality service across its network of branches, digital and telephone banking. As part of its customer-focused service strategy, Santander UK aims to:

- be the bank of choice for UK businesses by helping them expand
- build strong working relationships with its customers
- provide a seamless service across its network
- offer differentiated products and services which are tailored to customers' needs
- continually improve its customer service.

Independent service quality survey results

As part of a regulatory requirement by the government, an independent survey was conducted to ask customers of the 17 largest banks in the UK if they would recommend their bank's customer service to friends and family.

All 17 UK banks are required to publish this information at the request of the Competition and Markets Authority (CMA) so customers can compare the quality of service received from UK banks.

Exhibit 2

Additional information on Santander UK plc's online banking service

Santander UK plc has around 6.6 million digital customers utilising its online banking services. There are also approximately 1,500 customers joining its mobile app banking service each day.

A sample of the website interface

The screenshot shows the Santander online banking login page. At the top is the Santander logo. Below it is the heading 'Log on to Online Banking'. There are three tabs: 'Personal', 'Business' (which is selected and highlighted in grey), and 'Corporate'. Under the 'Business' tab, there is a text input field labeled 'Enter your Personal/Customer ID'. To the right of the input field is a dark grey button with the text 'Log on>'. Below the input field is a checkbox labeled 'Remember your personal ID on this computer'. At the bottom of the login area is a link that reads 'Forgotten your details or unable to log on?'.
